

Randy Nusbaum

The Camels are coming

Spring 2002

First, we will go to Genesis the Lord was sharing with me actually today, and with that I want to go to Genesis chapter 24 and with that I would like to go to John chapter 2 which deals with the wedding of Cana and He was pressing upon my Spirit deep within my being some things in relationship to the the Bride of Christ we around here have not had much teaching on that of course we are trying to teach and in Genesis chapter 24 and the story is at the very end of the time when the servant of Isaac Eleaazer brings Rebekah to Isaac as a Bride. These things are all significant on two levels this is not necessarily the first, but let us say it is the first is in our own life's we don't know how to order our life's unless we see the Lord we will order our life's after Christianity, religion, facts and truths and doctrines that we have been taught but our life's need to be ordered after the Lord and the heart of the Lord we are to be intently aware of what is is that he desires this is the truth of the Bride this is the truth which is the church coming into union with him and in so doing maybe ordering our relationships with one another such as husband and wife and that sort of thing and rebekas situation is one of the clearest in the bible of the bride being brought to the Lord and usually what we are considering is Jesus coming back for his bride and certainly that is true as far as what the scriptures are declaring I mean the bride groom is not returning for good bunch of people I just want you to think about that I mean everybody is all caught up in the quote unquote coming of the lord many of them very seldom refer to the Bride groom coming returning for his bride if they mention any thing that is not what

they mention there is Jesus in the clouds coming to get me out of my troubles that is pretty much the deal God get me out of earth get me a place where it is always air conditioning and it is always nice there is no devil and there is no hurt and pain that is exactly what I want but you know what that is not what that is all about and if that is all you want then what a sad thing if nothing else then to look for the heart of Jesus Christ Amen? And the whole point is that we find out over and above our relationships again that should be ordered after spiritual reality that over and above of all of that the purpose of this union the purpose of union with Him is to bring forth that which is the desire of His heart and, interesting enough that this story is about this joining or if you will this marriage or if you will this marriage ceremony and that is partially what I want to talk about but I want to put in into the context of the spiritual and not just that which is spiritual on the earth but the actual reality in with all things come from and certainly relationships and could you just say forth rightly that this whole thing is based on the father wanting Sons and Jesus wanting a Bride is based on that I mean it is not just based on Christianity it is based on Christ and it is not just based on following doctrines or trying to do good or trying to do right or coming as close to the right thing is it is based on one thing as it were when we talk about Jesus and that is that from start to finish everything has been working towards a combination where everything that is not Bride and groom everything that is not in union with Jesus you can call it vine branch you can call it treasure vessel but most of those do not have the intermittency relationship as A Bride and groom all of it is coming to gather in the book of revelation to do this joineous union this marriage supper of the lamb in other words whatever our life's are whatever they are involved in will pass away except that which is eternal will pass away and all that is important or what seems important and is not important for shadows are not important #3they have no substance in and of themselves, shadows do not! They have no substance in and

#4of them they could bring a living reality to it that is not a shadow amen? But shadows of themselves are nothing and the fullness of that is simply Christ not just having a bunch of Christians but that which is and we have talked about this before I am not going to get into it greatly but all the individual seeds of God of course we all understand that there is only one seed in which is one loaf which is His body which is His bride, crushed up loosing all that and I was sharing with my wife today that it you know it was not just the bride the wife of Jehovah which was Israel and, then God added the church and, now there is Jew and Gentile and, now they are joined No! He brought them together in one and put them away per say and, brought forth what we call that the church group. And when we say that we look at a church group an organization sitting in the pews. No! We are talking about that which is intimately drawn to Him. Draw us we will run Nissi just shared that recently in a prayer meeting. Draw us we will run. We will run and there is one heart and one mind and that is what? (This next sentence randy says I cannot understand???) Paul says and who would lay down their neck so many of you for the gospel you know one neck joined to one head you know the bible screams the truth and we hear are dull in hearing and, yet we think we are ok? Well the only thing that is going to really matter is Jesus heart and it's like Lord are you ok? And no it is about us and, that is what I want to read about a story it is most precious to most Christians who read it and I want to read it in light of how we glorify and romanticize Rebecca in her joining with Isaac and just the name Rebecca rings a beauty and the word prestigious is the right word but certainly prominence or more than prominence a fondance within that oh Rebecca! I mean come on .....Sarah, Rebecca. No we are starting on Abraham, Isaac and Sarah and, Rebecca and, yet Eleazer comes to her representing the holy spirit and the holy spirit comes to her and breathes.... Exudes Isaac did not come to speak of himself... (Cassie shared at this point; I have a Word from the Lord) In the

middle of service It was a really, really good Word. It was to glorify Him it is not just us going we glorify you but, that in all things he is truly glorified and then the spirit of God or the scriptures that came to my mind some weeks ago where Jesus says these words and somehow just caught them you know how it just comes to you and then all of the sudden Oh! Man there it is. It says that the Holy Spirit he will glory him that what first caught me he will glorify him well you know oh man now if you want to learn about glorifying Jesus lets plug into the holy spirit let's find the holy spirits way he will find him lets follow the spirit so I am real excited now you know He will glorify me and I am all ready for you know what does he do threw up his hands and worship him or build him a big temple what does he do?, what does he do? And it says he will take that which is mine and He will show it unto you! I thought...Wow... that is it right there that has got to glorify the Lord we have tried to do stuff for God we tried to be something for God takes as it were unto you who are Him and show it to everyone else.

I thought that was good, that was good I mean it was more than good it blessed me it blessed me deeply. I think was one of the things that will stay with me the rest of my life! Because I saw clearly what truly glorifying the Lord was and how much more pure you could find it like the Holy spirit who like Eleazer did not come to speak of himself did not and now a days you got to a church service and who do they talk about?...And who is supposed to be in charge of that service and who will not speak about himself? I was having a little tough time with that!

One way you can tell the Spirit of God has been loosed in the service is not with super natural things happening although I do not have a problem with that, one way is for sure is when Christ is being lifted up! You can rest assure you can know why if nothing else the word of God declares that.

The Holy Spirit is on the move because Jesus is being lifted up! In a powerful way say No! No! We want manifestations... we want to be jumping over Pews... well we could just call it a "Pew jumping service" and bring you up here and let you just jump you know what ever floats your boat? Then great but does that change you eternally? NO! If Christ but, revealed by the Holy Spirit It will change you! Thorley because you are being changed into that same image From Glory to Glory how even by as the spirit of the Lord now that is the word of God and I am not trying to quote scriptures I am trying to find the essence of what the word want s to say mean the pharoses knew the scriptures folks and they did not recognize Jesus I do not want to go to the scriptures and, get stuff and, not see Jesus! I mean I do not want to do that. If for no other reason, I Love the Lord ...I mean I want to see Jesus! "Sir we would see Jesus" where did that sign go? Where did that sign go? ... (Deb Talking "it is in the office") Alright then...Laughing, chuckling in the background come to know him! It is "come to know him" "go to show him" not kill him! Randy states "It is the same spirit" ...And so let me make sure before I read here the true state of mind that the Holy spirit has me in and, what the spirit is trying to communicate and that is when this is all over with that there is a big combination of a bride joined to a Groom and that is what the Joy is, and all the shadows flee away! and all the other things that seemed important, and are not important and there for the natural is well... we will see when we get to John 2 in the wedding at Canaan... that is that the natural falls short. The natural falls short And even that even with the influx even with the influence of Jesus Christ still falls short, and we will see when we get there .So Rebecca comes and Rebecca is there at her home where she was raised. In those days they did not do a lot of traveling like that... this is all she knew this is all she ever knew she knew her family she knew her friends she knew her chores I mean there was

not a whole lot outside of that I mean basically everybody in the village knew everyone in the village.

There comes this one called Releaser who in, and of, himself it is not important, to her but when he comes he exudes someone else he exudes the Groom she is not saying “Oh! Give me the anointing” Mr. Eleazer she is saying “give me something else, me Eleazer” she is saying give me... The Anointing! (In which that is what Christ means) Anointed, but she says give me Christ himself! Is that not what she is saying? Is that not really, really the heart of the matter so where did we go wrong? (Chuckle, laugh that is for you to come tell me... Randy say's) so here she is and there is something about when he speaks, she is not says well there is this guy. And you know he is the son of Abraham we got pigs and cows and stuff it is a good deal you ought to come and be part of it but, here are the rules he is not a morning person you do not want to it is not it is not like that I mean..It is not coming with rules it is not rules or some sort of picture like that what is Eleazer doing? He is communicating the heart of Isaac. More than the heart he is exuding his presence, demonstrating his nature and, giving a reflection of that kingdom as it were... that other place that she knows nothing of And the person that she knows nothing of. Alright so somewhere, somewhere in the process click something happens in her...The heart turns to the Lord! Alright what does that mean exactly? Well it means that she is prepared to leave the natural on every form and go to where He is... Hello? And this is not just a process where Eleazer brings love letters and she just sets in her tent and reads over, and over and just swooned and looks at a picture of him “do you know what I am talking about?” (Randy is asking a question) it is not bringing Jesus into the earth and we are going to see that in John 2 (scriptures) it is us in spirit coming to where He is... which is quite contrary to the local teaching in our village we are always trying to get him where we are “I need this, I need that, it is all

about me". "Lord it is all about me" I am turning back to the heart of Randy. Yeah does anybody feel nauseous? I do I mean really I have a hard time joking about that stuff because Christ is sooo much. At least in my heart's desire, that he would be all in all, I am working on some stuff right now writing I would like to share with you, but I did share with you some along those lines that I got up at our trip in Arkansas but to develop some things along those lines but anyway this thing starts to happen in her and how do you describe it? Other than a heart has got to turn to the Lord. This thing that has happen to her How do you do that? (Randy is going on?) There has got to be something deep within Rebecca that says you know you have to understand this that says wait a minute Eleazer now when you first came and I can see a heart turmoil at the juncture before the heart turns to the Lord... when you first came you came it was more fun than it is now when you first came you came with gifts. Gifts from Isaac remember? Gifts and oh the gifts! How and I have no problem with gifts I have no problem with Eleazer I have no problem with speaking in tongues or operating with the things in the spirit and you better watch out with this thing to go with but, the gifts are Not Isaac! They are from him they are to be treasure what wife as it were or woman would not treasure even the minutest thing Yes certainly but, what gold digger would not treasure the gift over the guy that is giving it?

As Christians we are not to talk about this but, it is out there folks and it is out there in spirit form to if you will it is not the true spirit it is the flesh and so she is starting to hear the true message of Eleazzer the message is not just him and she can just sit there in Eleazzers presence and have the words of him flow over her and maybe he did read something like the scriptures that she could read and enjoy the gifts from his loving hand but now she is hearing him say something different it is not just let us sit here in the tent where you got the best of both worlds you got the spirit and the natural but here is what is in his heart this place of Haran is not the

place God called him to be he cannot be here! Cannot dwell in Haran he is part of something so much bigger. Something that will go through out all generations like a big wave spread out like a big pond that has more to do with you at this moment in your happiness with him among your family. Amen, are you getting this? But the goal would be for you to leave your mom... Oh! but the wedding my mom plays prominently I mean come on some of the girls can identify better than you guys the but guys are like “let us just get the wedding over with” folks but I mean the girls and this is the bride and this does affect every guy in here considering the bride of Christ all joined together being the bride of Christ do you understand? You can understand these things so she is hearing I have to leave my Dad? Man but my Dad has always been dad! I mean in those days family was family and village was village and you are going to have to leave your friends! You are going to have to leave those, that are married here... they are to stay here.

I cannot name all the things that we are saying but you are going to have to leave all the things that you have known and I am going to take you to a place that you have never known...that is the best that you will ever know until you can partake of it for yourself. (Amen)...Praise the Lord!

Well I am glad that we got Praise the lord but, the truth is that has got to be a scary thing? And it is certainly spirit folks when the Holy Spirit comes and says Stop! Seeking your natural life and Stop! Trying to get Isaac, Jesus to enhance your natural life!

And come away...not come away you idiot! Come away my beloved! Amen? You got to know his heart, “well the fact that I am struggling means that he must think I am an idiot”? No! The fact that you are struggling means he more urgently wants you to get his heart and get the picture and come away! Come away my beloved! Be with him this thing is not a religious thing at the end it is a wedding a union it is just a big rejoicing of union forever and ever Glory to

God! Incredibly incredible, and for those who have just been softly touched by this rose you know the softness and the beauty of it! At least smelled the fragrance momentarily and touched that soft pedal and went Oh! You will never forget it and so what happens? So gloriously Rebecca's heart the Bride us! We leave the church which is the called out and we become the Bride which is the same, people the people, different relationship, Amen? so there are not some people who are at church but not divided Christ is not divided.

But we are being brought out so we can be brought "IN" "we are being brought out of Egypt so that we can be called "IN" we are called out yes! So that we can be called "IN" this is the plan of God this is the eternal plan of God we never want to be called out in the wilderness we are like "why is it so dry? Why are we not eating?" Amen...Alright so Boom the heart turns to the Lord! Wow! This is huge; huge you better believe that this girl she recognized this is not some sort of spiritual play thing like when we played tea time! I mean I am going to get on the camel, and I am leaving here, and there is going to be a lot of humps and bumps before I get there. Before I enter in to that.... Amen? And these nasty camels are not a lot of fun. Just a fact... the first day in the desert the first day, then the second day I won't have my mom I won't have my Dad to talk to I won't have my brothers and sisters other cousins or the everybody that lived they were all there! I am not going to have any of this I am only going to have my thoughts concerning what's happening! And thank God Eleazer... and that's when the Holy Spirit becomes very precious! Hallelujah, Praise the Lord! Oh and when you chase it with the darkness "You "of our mind if you have ever had it where you are just sitting there in darkness saying "oh Lord why did I do this it is dry this is leading me no where I am going round and round", and the Holy Spirit comes blowing away with the Word! Of Isaac Oh you are coming away! You are Not lost you are not an idiot you are his beloved and he is bringing you in

to his arms! Then your arms go up in the true worship... Then your heart is drawn out not your head that is filled with facts. (La laughing) he wants your heart. If he has your heart he has got all the rest your mind, and your emotions your little life will be ok. Eventually they will seem like nothing, in the arms of Isaac.

Oh! Glory to God! And, so she makes that thing and she is One who has left the natural... she is heading into God knows what? But she, knows for her it is defined as "Isaac" that is the definition not christiananity that holy thing that is within you Mary call it Jesus not Christianity I am born again! Pregnant the holy thing that is within me... is Jesus not Christianity religion it is not doing the best I can and for her there were no presentations of rules and laws and schemes she was going after one! (As Jimmy as shared many times one thing I have desired One) alright let us go to the scriptures here (is that man or devil by the way? Laughing and talking etc.) alright let us look I Gen 24:63 she is coming now on the camels she is not there and 63 Isaac went out to meditate in the field at evening time alright I like that she is not there yet and he is out there meditating let us take this out of just being a Christian and meditating on the Word day and night which is a wonderful, wonderful thing for those who have because many people have I am not talking about spooky people (lots of talking) but No! Isaac represents the believer man he goes out in union time and meditates but let us take it beyond that let us take into the figure that it represents let us take it out of the earth. This is Isaac that represents Jesus that wants what? OH! The coming of his Bride the arrival will be and we are not just talking about the joining physically face to face where they might know each other face to face and that kind of stuff no we are talking about her coming spiritually in union with him one mind one heart one Amen? Ok, his meditations.... and so if you ever want to know what the Lords think about... I will tell you what

he thinks about and it is... His Bride. He as it were using the terminology here he takes wants and he thinks about her

He does not think about stepal's hymn books, and groups of people it's all about you! When it is all about us! Amen...Come on now? Let's be honest. It is all about you it is not about Him! And it has a whole lot to do with what we can get from him? Now whether we get to him or not see we are waiting for him to come shooting out of the clouds today and if not! Well I have got to be about my life instead of being joined to him... one heart, one mind, and continually being joined to him. Through all the camels through all the trials continually joining and joining closer oneness in accord listening to Eleazers words that keeps you going not just going but "radiant"... and so he ponders... Oh! He does not ponder deep things he is the deep things do you understand? We ponder the deep things and that is him he does not pondering him going oh! The deep of me oh! The beauty of me it just does not work that way but he thinking about something that is similar and more than similar that is same, image changed from glory to glory into that same image! Whoa! He is meditating on that Oh! Boy it is coming it is coming is it? Is it coming in you? Are you pushing your life in that direction? Are you pushing your heart and driving all the things the damsel and the cattle's and the gift and whatever else you got? And you are driving it toward Isaac Oh! Amen it is a glorious, glorious thing and it just so happens to be a picture of the actual reality on the way everything is suppose to happen. So he is in Genesis: 63 d Isaac went out to meditate! In the field toward evening; and he lifted up his eyes and looked, and behold, camels were coming. He sees what is in his heart not just what is in his own heart but what is in his heart. Genesis 24:64 Rebecca lifted up her eyes, and when she saw Isaac she dismounted from the camel. Everybody is lifting up their eyes... nobody is looking at the earth... Nobody is trying to figure out what they are going to have in the earth they are all lifted

up their eyes and it all relates to him. Rebecca is looking into his face and being changed into His image and it is drawing her into His image and it is drawing them, drawing them so close that the union will never be broken.

That is the union alright and when she saw Isaac she alighted from the camel. Amen? When you finally see him you break from all the trials, and all the humps, and bumps you are always whining about (YEHOO?) Amen? Our life is in that, and you got your eyes fixed on one thing. You have been hearing you have been knowing but something has happened beyond you remember I talked about the Love of God our knee the Love of God it fasting your understanding I talked about the book of Song of Solomon when he took her into His chamber she knew the Love of God and it was not just some no he did not just bring her in and (Randy is going on?) when she went out in total darkness “hey I understand Love” There was an understanding of Love that passes all understanding reality of oneness that makes you one with him. Alright and so Gen 24:65 She said to the servant, “Who is that man walking in the field to meet us? And the servant said, “He is my master” (Randy is excited) that is it... this is what I am talking about! the Holy spirit points him out she still does not know until she sees him and all the journey is great about (You know we make all this a journey Randy is going on...) I do not care what the devil said what did God say? No I mean really, really you know we all know Amen! And stuff and I am not against it you may know more than I know, but the truth is we must hear the word of God, and it is like honey to our lips... instead of dissipating... like that when the devil says something. Well the devil said something and it ruined everything, it ruined the cross, it ruined the resurrection, everything is out and the devil is in.

I do not understand that, where does this come from? If we can get rid of the devil than our life would be wonderful No! Than we just probably wouldn't have any contrast to show

how carnal we really are. I mean really think about it than we would just sit in our carnalness, and think we are really something. Alright so who is that? Here it is boy the Holy Spirit finally breaks through and remembers now, long before the fullness of Bam!! Now it is no longer just any words it is no longer any words any talk I am trying to understand the Abrahamic covenant I am trying to understand the family of Abraham I am trying to understand the land of promise now it is beyond all of that and it is one thing. Isaac and she know everything by knowing him and all things will come to clarity as she is with him. I can give you an example; I hope I am ok by doing this because she is not here right now Patty is not here. We just recently made a trip down to Mexico and when we were coming back I ask her I said well do you miss living there? Do you miss your people and everything and all she said was “well you know what I really feel weird down there I feel weird in Mexico” that is what she said “I feel out of place down there” I my first thought was well it is because you are enjoying Mr. Gringo over there! And the truth is if it was just your basic ritualistic marriage, and then she would still be Mexican and she is not Mexican or American, she is Mike Wallace. Nor Greek, nor Jew do you understand I am trying to make a point? Of that and you know that actually happened and you know Rebecca so she will understand all things and it will just work in her by life. And union and oneness she will see she will not just hear words from Eleazer she will hear His words and his expressions and see his eyes!

And hear the tone of His voice and sense what he is. The essence not just the words or even the message...” I’ve got a message from my husband” No! No! I am reviewing the essence from my husband... Amen? So now we are coming to the long! Glory to God Long before she had ever saw that she had made a decision in her heart to leave the natural and start toward him that is important if you never make that break! The spirit will not strife with flesh forever.

Amen? I reject (cannot understand this sentence?) What do you think Eleazer is like? What do you think he feels like “can you give me another gift?” No the gifts are actually meant to be joined to this union! “Well I do not want a union, I want a gift giver”! I do not want to come away from the natural. I want you to give me another gift! Well I have some more from his heart and I know his heart so here Uh Yeah No! It is all meant and that is to bring us away out of the natural out of Cairn out of the earth out of that understanding to bring us into Christ. In not just in Christ but into Christ I realize that it is the same thing but we act get to hung up on the terminology we think we got something when we don’t and so she makes that decision and then we mess up then that day comes dawns never comes in your heart until you make that decision to count everything else but loss and count and pursue Christ. Amen? You got to make certain other big decisions first. Alright so vs. 65. She said to the servant, “Who is that man walking in the field to meet us?” And the servant said, “He is my master”. Then she took her veil and covered herself. Vs 66 and the servant told Isaac all the things that he had done.

Vs 67 Then Isaac brought her into his mother Sarah’s tent, and he took Rebeka, and she became his wife, and he loved her; Alright! Listen carefully... This is the best description of a wedding ceremony that we have in the bible when she, now imagined this? Oh if I could come out and have everybody looks at me and everybody going OH! I can be wearing a big beautiful something.

You have heard me say this before, and I will say it again. The veil folks in the scriptures is over Him...It is not the husband suppose to open it up and go “Oh she is gorgeous” sorry that just poked out of my head. That is not the right words but rather, the veil is rent and we see how beautiful He is...Is that it or what? Is that in the bible or not? Yes! You know ok well I have said this for years, and year and years, and my own daughters have had weddings.

We are not talking about that you can't have Randy is going on... (Da, Da, and Da!) But we are talking about that you can have something, more highly more important and every ounce of that, and that is, that Rebeka walked off from that and walked into a situation that this was her wedding Isaac brought her into his mothers Sara's tent number in he took her number three she became His wife and number four he loved her. Boom there it is... "well that is not what I was expected, I mean I know you loved me but if you loved me proof it by being more natural more earthly if you love me than leave the land of promise and come to heron?" "If you love me than let it is all about my family!" "If you love me let it be all about me "No! I LOVE YOU ENOUGH TO LET YOU BE JOINE TO ME! And you are me! And that means a lot to the bride you can talk and, talk, and talk, and talk. And explain and try to coach and try to bring them in and try to encourage them say the dame thing and they will never change because you know the dog will always go to his vomit the pig will go to always go back to the mine you know can you change an Ethiopians skin? Or can you change the spots on a leper? No! You cannot. But you can find deep within that bride the heart that is there for Him... here is the deal if you are born again! That is in you I do not care what you think Oh! It is not there I am true reject, and you know you, are listening to the devil again Hugh? No! You have a heart for the Lord, you are going to have to get your eyes so fixed on Isaac that all else will fade.

This does not fade, while you are staring at everyone else wedding. Am I right or wrong? am I going strong? Some of you may not know but I was a sergeant in the army and I called cadence! That is part of what we do... She came down from the camp and he brought her into the Sarah's tent and she was resting there one you are Rebeka! You are the martyr of all sense you are the mother of all the living at this moment you are the one who will bring forth the SEED!...God could promise Isaac seed all day long if he is not married? You know? It takes a bride, it takes a

bride, and it takes a bride. And that bride folks is us... and we are in one are suppose to be joined to Jesus and it is suppose to be joined where He is. And all that he has got in His heart what is in His heart?

You see we are always the wedding and all that's all that in our heart, what is in your heart? I want to bring you into Sarah's tent because she died. Sarah was dead. I want to bring you into Sarah's tent. I want to take you... I take you. Isn't that beautiful? She became His wife. And he loved her. Oh! We have got some of the best song writer's right here, could you write a song on that? I mean you talk about the bride, and the bridegroom coming together and Him taking her Oh! Man but it would have to be breathed from the very spirit of life! Because no words could describe this beautiful situation and this is all the wedding she got. She gave up everything in the natural.

Now I know most of the singing women in here are going, "God knows I never read this?" I already know do a whole lot of you weddings (laughing in the background) I am not going to be sitting there going... dearly beloved just sit there because you wanted this Big wedding! I am not talking about the earth that is the problem. We are so earthly that you think I am talking about...I am talking about leaving the earth and joining with Jesus. I am not talking about whom you grab up and say sit here, and You Hoop! Whatever and finally you may not like this but I am not encouraged by any of this unless it is birthed of Christ and comes out of Christ and is all going toward Christ that is the truth I am not impressed at all I am not impressed with anything with the earth in that affection, to me it is just as bad as being bad it is because marriage is ordained of God because of the marriage that this is all about. Alright let us go to John gospel chapter 2 I know you are all bored to tears! Now I know there are many things to share and I have shared over the years on this and I do not want to preach on anything I have preached before on

I want to hold the line... on what I have been talking about ok? In the wedding... the union and this change from the natural. To the spiritual.Ok? On the third day there was a marriage in Cana of Galilee and the mother of Jesus was there. And both Jesus was called and His disciples so I noticed right off the bat that

There is this wedding, and the mother of Jesus is there. Now she is there so she is highly involved with this thing and so because she is involved with this wedding. Jesus is called to it. And then His disciples, but because She is there... He is called to it! By her...To the marriage. And when they lacked wine the mother of Jesus said unto Him “they have no wine” And this wedding is not the joining of Christ with his bride. Amen? This is just you know what it is not even mentioned the wedding couple they are not mentioned isn’t that amazing? Well you know the happy couple I do not think God doesn’t “well I think I am going to mention the happy couple” No he says I am trying to make a point about my Son. Oh! God hit me so hard (Randy is going on?) And they lack wine... Here is the deal...here is the bottom line, every shadow lacks. Every one of them all of them on this earth tied to this earth have a deep deep lack of the very heart from the very onset of them. Can I get an Amen? They are all devoid of the very wine that exellertes us!! Say well I got a good marriage though? That is good I have a good marriage. I am really happy with my marriage. But it is nothing compared to what I see in the Word in relationship to Jesus and His bride! And that is the truth... it is just a shadow! Along the lines of what we are talking about but this are all Jesus and this bride and all that it is meant to be. And everything else will scatter, and go away in light of the light. The reality so there is a lack a lack there is no wine. Mother of Jesus say unto Him “they have no wine” and Jesus said “Amen to that I know that”. What am I going to do the hour has not come. Women what have I got to do with thee I have not yet died and brought forth resurrection I have not yet died to all of this what do

you want why are you trying to get me to I'm[prove the natural? My hour has not yet come! The whole purpose for all things has not yet come this is not it...Women! what am I to do with thee? Amen? Amen? Come on folks. We are the women he is talking about we are the church the woman. The Bride that he is talking about when we are trying to get him to enhance something in the natural the natural things and to make us more comfortable in the more blessed in the natural more blessed in that natural in the earth in that sense instead of coming away to where He is.

And finding all truth wine and the joy of the wine the exhilaration of the relationship and the fullness and fulfillment of all things and that coming together in that... we have dropped all together in the earth Oh this is a bummer Jesus could you come over here I just know you could get a little Zip to this! Do you know what I mean? You go whets in Jesus mind? Well I will tell you what is in Jesus mind he loves to come and do stuff for you he wants to do everything he can for you! And it is all about you. And I am sorry to tell you but it is not. I will tell you what is in His mind. "What am I to do with thee" The real time has not yet come. The real deal is not yet come why should we fool around with shadows look could we breathe the little shadows so they are a little more comfortable I am trying to tell you what is in the mind of Jesus I've already told you that he walks in the (sneezing)?? and meditates on her... so you better believe that He has got Oh incredible love, and insatiable desire to be with her I saw it also on the Song of Solomon I can't remember what verse but I saw Him speak and when he spoke he said "I want you to be with Me" and I got it and I said Oh! He wants me to be with Him I mean he really wants me to be. Isn't that funny? That shouldn't be a big deal in our minds we should go of course he wants us to be with Him but when we awaken we go Oh he really does? But no somewhere deep down we go Oh Jesus does not really want us...I am not worthy? All that stuff :{ ...well maybe you aren't you are not what you are in His heart and he has the ability to and the manifestation to bring you in

and not only has it but will do it if you will exercise your faith and get your eyes off of you! And that is the truth so there is this lack and there is this call to calling upon Jesus you know there is a lot of stuff in Jesus life that are not mentioned
